### Thriving Times

Maximizing Your Employee Benefits & Perks

#### Virtual Primary Care Available to All Employees Starting 1/1/2025

We're excited to announce that starting January 1, 2025, Virtual Primary Care will be available to all employees, regardless of whether you're enrolled in our medical plans! This new benefit will provide easy and convenient access to primary care services with providers within the Aetna network. We know it can be hard to access primary care providers; now, with Virtual Primary Care, you'll have access to primary care and 24/7 on-demand care with shorter wait times and affordable pricing.

With Virtual Primary Care, you'll be able to:

- Choose your primary care provider and schedule your visit in days, not weeks
- Get a supporting care team, whom you can ask questions anytime and will coordinate care with in-person providers
- Enjoy affordable care with some visits as low as \$0 for primary care and on-demand appointments

We believe this addition to our benefits package will make managing your health easier and more convenient. Stay tuned for more details on how to enroll and take advantage of this new offering.

**Life Insurance: Because You Can't Predict the Future, But You Can Prepare for It**

Are you and your dependents covered in case of an unexpected tragedy? Life insurance is crucial for financial protection, covering expenses like funeral costs, debts, and daily needs. It also provides a safety net for you and your dependents.

Diversified provides all benefit eligible employees with free life and short-term disability insurance equal to 1x your annual salary, up to \$500,000 – However, this may not be enough coverage for your unique situation and does not include dependent coverage. Try these [life](#) and [disability](#) insurance calculators to ensure you have adequate coverage.

*Join us September 18<sup>th</sup> at 10am EST where we will discuss the life insurance benefits available through Diversified.*

**Don't Let Medical Bills Catch You Off Guard: Why Gap Insurance is Your Safety Net**

Voluntary accident, critical illness, or hospital indemnity insurance are valuable supplements to your medical insurance, working with your medical plan to provide additional financial support for unexpected events like accidents, serious illnesses, or hospital stays.

While your medical insurance covers a portion of your healthcare costs, these supplemental policies cover out-of-pocket expenses, such as deductibles, co-pays, or even daily living costs during recovery. If you face unexpected medical expenses, the insurance will send you a check for the covered injury or illness, which you can use as you see fit! Offering peace of mind by ensuring that a sudden health issue doesn't derail your financial stability.

*Join us on September 19<sup>th</sup> at 2 p.m. EST to discover everything you need to know about Accident, Critical Illness, and Hospital Indemnity Insurance.*
